

INDIGENOUS HERITAGE | NORTHERN VOICES PROGRAMME

ICOMOS Canada Annual Meeting
Kwanlin Dün Cultural Centre, Whitehorse, Yukon
April 30 to May 03, 2019

WELCOME

ICOMOS CANADA ANNUAL MEETING

ACKNOWLEDGEMENTS

Every year ICOMOS Canada hosts a multi-day meeting that brings together professionals and practitioners from across the country to discuss key issues and trends in the field of cultural heritage. This year, the meeting explores the cultural heritage of Canada's north. Centred on a series of panel and roundtable discussions as well as presentations from guest speakers, this year's meeting embeds itself in the northern context by focusing on the co-management and interpretation of Indigenous places and cultural heritage, World Heritage nominations and sites in the Yukon and the opportunities and challenges presented by reconciliation and climate change.

Spread out over three days, the ICOMOS Canada annual meeting is an opportunity to expand our shared knowledge and understanding of the full richness of cultural heritage across the country and to move the conversation forward, both nationally and internationally, on important issues relevant to the safe-guarding of Canada's cultural heritage.

We would like to thank the following for their support:

Parks
Canada

Parcs
Canada

DAY 1
